

KNITTING FOR NON KNITTERS

No knitting experience is necessary for this fun workshop!!

Learn to create simple knit products utilizing a tool called a knitting board or rake. This easy to use tool allows you to make hats, scarves, shawls, even sweaters by varying the width of your knitting, the type of yarn used or even the stitch pattern followed. No knitting needles are involved!!! Anyone can learn to use this tool.

Using this classroom provided tool, you will complete a hat with a simulated rib fold over brim much like a watch cap.

Samples of different products made on the knitting board will be shown as well as a variety of stitches that can be done with practice.

Class Size - maximum 30 participants

Class Length - 4 - 6 hours

Class can be held at any location.

Other classes in basic knitting needle knitting can also be arranged. Call for details.
